Cayton Primary Safeguarding Bulletin!

Spring 2- Last half term.

Last half term during Friday's celebration assembly we have been learning about staying safe in school and home. The children have become familiar with the words bullying, consent and respect. They can describe what each word means and give examples. I wonder if they have discussed these at home. We will be continuing this in our weekly assembly.

Yellow Ribbons

At Cayton School we have introduced yellow ribbons (worn on lanyards) to the senior leader and the safeguarding team. These ribbons symbolise that we are additional trusted member of staff to talk to about feeling safe, friendship issues or any worries. The adults wearing them are: Mrs Monaghan, Mr Vasey, Mr Taylor, Mrs Wood, Mrs Wilson and Miss Clough.

School Updates

Due to the number of online issues we have had at school, we asked Mr Gilbert (our local PCSO) to visit school and discuss with the year 5 and 6 the importance of online safety.

PSHE- In Summer 1

As you are aware, a preventative way that we educate children about safeguarding themselves is through the PSHE curriculum. We use the scheme Jigsaw. This half term's Jigsaw piece is 'relationships'. Throughout this half term we will be exploring what a relationship is and how we can recognising a healthy relationship.
