## Cayton Primary Safeguarding Bulletin!

### Summer 2.

During this half term's Friday celebration assembly we have been thinking about our actions through a traffic light system. We have discussed that certain actions are a definite 'no' which is red, some are an 'maybe' which is an orange and others are green which means 'yes'! I wonder if your child can explain this further?

### Local Authority Visit

We have had a visit from the Local Authority to audit and offer us support with safeguarding at Cayton School. We were extremely proud of our feedback and continue to be committed to make every child feel safe in school. The visitor spoke to some of our children and she was extremely impressed with their understanding and awareness of safeguarding.

*"Pupils are overwhelmingly positive about the support they receive from the school. Pupils know who the DSL is and feel confident to ask a trusted adult for help if they have a worry or concern. All pupils spoken to say they are happy in school and feel safe. This is reflected in the positive relationships and supportive culture evident in the school".*

### Summer Holidays

I want to wish all of you a happy summer and look forward to seeing you in the Autumn term. Here are some supportive websites:

### PSHE- In Summer 2

As you are aware, a preventative way that we educate children about safeguarding themselves is through the PSHE curriculum. We use the scheme Jigsaw. This half term's Jigsaw piece has been 'changing me'. Throughout this half term we have been exploring how our bodies change over time and the Relationship and Sex Education (RSE) part of the curriculum. To see further details on how the curriculum is taught in each year group visit our school website.
