

## Your child is about to become a published author

Dear Parent / Guardian,

We are excited to be using Pobble in our school. Pobble is an award-winning approach to teaching writing, which is part-funded by the UK Department for Education's EdTech Innovation Fund. Pobble is shown to improve pupils' speed, confidence and enjoyment of writing, leading to improved attainment.

One unique feature of Pobble is the sharing of children's writing on our own online school writing celebration page ("Publishing"). As well as providing an authentic audience for your child (a key factor in raising engagement and attainment in writing). It is a lovely way to share your child's work with their peers within the Pobble community and to celebrate your child's achievements.

Since published work may be viewed by registered Pobble users outside our school community, we would like to ask your permission for us to include your child in publishing. If you would not like your child to participate, please inform your class teacher via dojo, as soon as possible.

Please note, all work is published anonymously, so no personal details of your child will be shared online.

If you have any questions, please do not hesitate to contact your class teacher. We are excited to be using Pobble in our school.

Yours sincerely,

A handwritten signature in black ink that reads "jmonaghan".
